

Website & Database Developments

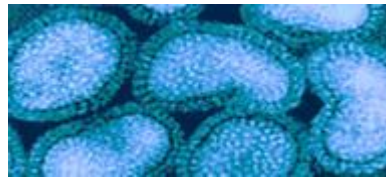

EMIDA

- Five databases and descriptions:
Research projects, Research publications, Research Patents, EC funded projects, DISCONTTOOLS
- Breakdown of resources into:
 - Project Deliverables
 - Newsletters
 - Other

CWG

- 1200 projects in the database from 12 countries but still need more!
- Format of excel import and export spreadsheets are now the same so users can download all of their projects, update them on the spreadsheet and upload them again

CWG

- Restricted documents in members' area where users can upload and download documents such as minutes of past meetings and draft reports
- Forum to act as homepages for subgroups where it is possible to upload documents and have online discussions (instructions to be circulated)
- User friendly upgrades
